MRI SCAN

NO METAL If you have a pacemaker, metal heart valves, metallic clip in your brain, a history of metal fragments in your eyes, any metal objects implanted in your body or a history of an allergy to contrast media, please let the MRI technologist know as soon as possible.

If you feel feverish, please call this to our attention.

Please let us know if you might be pregnant or are currently breast feeding.

Please bring copies of your most recent MRI films and reports with you to the exam. They will be returned after the radiologist has reviewed them.

MRA SCAN

NO METAL If you have a pacemaker, metal heart valves, metallic clip in your brain, a history of metal fragments in your eyes, any metal objects implanted in your body or a history of an allergy to contrast media, please let the MRI technologist know as soon as possible.

If you feel feverish, please call this to our attention.

Please let us know if you might be pregnant or are currently breast feeding.

Please bring copies of your most recent MRA films and reports with you to the exam. They will be returned after the radiologist has reviewed them.
